

THE PERFORMANCE.

www.performance-fahren.com

SIMPLY. MORE. PERFORMANCE.

The passion for equestrian sport has been driving us for more than 60 years. With absolute precision and state-of-the-art engineering, we are constantly developing innovative transport solutions focussing on the needs of horse and rider. Also when designing and building our Performance Horse Truck, we were driven by the wish to provide a vehicle which meets all these demands. It offers maximum space and comfort. On the following pages, learn more from our new space miracle and the variable spatial concepts it offers - we hope you'll enjoy it.

Incredible – all these benefits fit into a light-weight class truck.

More space, more safety, more possibilities: The new Performance offers more comfort for horse and rider. It is significantly larger than a Compact (total weight 3.5 t–4.5 t) yet significantly easier to drive than an Equipe (total weight 7.5 t–26 t). A driving license for light-weight trucks (total weight max. 7.49 t) is sufficient. The flexible interior, large living quarters, timeless design and many clever details for improved loading and equipment storing make the Performance even more enjoyable.

Exercise, training or riding event – Böckmann guarantees a perfect Performance!

Your advantages:

- » Five models with flexible spatial concepts
- » Flexible horse compartment with generous interior height and length
- » Alcove can be used as bed or storage space
- » Extra-long loading ramp without trip hazard, with side stops and special kick plates
- » Optimum room climate thanks to roof fan, sliding side windows, and electrical fan
- » Rotproof aluminium floor
- » Loading platform made of anodized aluminium, with insulated roof
- » Easy to drive thanks to rear wheel drive with twin tyres, powerful engine and (optional) automatic transmission; driving license for light-weight trucks (max. 7.49 t) is sufficient
- » Can handle a high payload, hauled load max. 3.5 t
- » Ample, exclusive living quarters – designed to your requirements and preferences

The feeding table of the Performance Sport.

Passage door under the feeding table in the Performance Sport.

The living quarters in the Performance Trio.

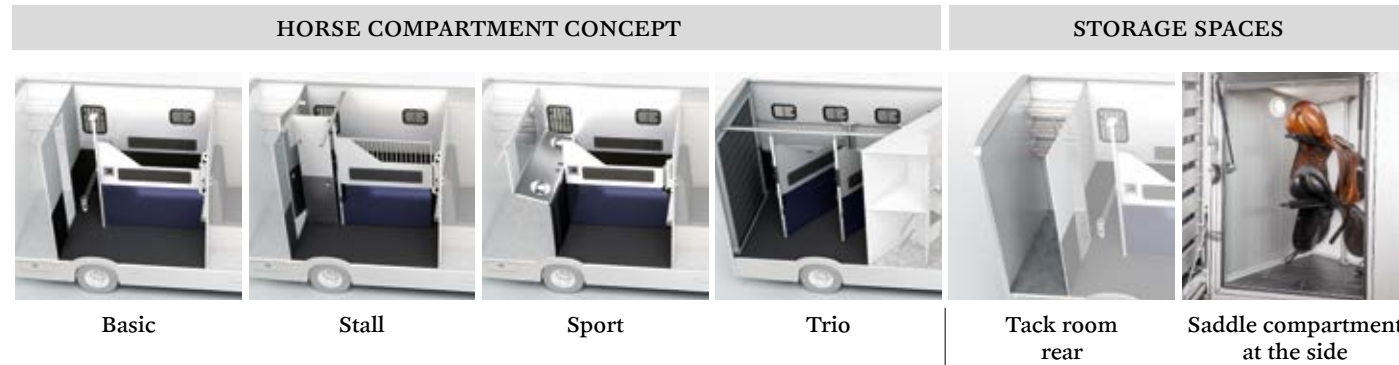

Up to every challenge. Guaranteed.

High-quality materials, a galvanized frame, a rotproof aluminium floor and the sturdy loading platform made of anodised aluminium offer unique stability over the long term! The premium workmanship of our experienced technical experts guarantees that the new Performance is practically indestructible. You have our word on this – and our 7-years quality warranty*.

The horse compartment in the Performance Trio with slant position.

* The 7-year quality warranty covers the aluminium floor structure and the aluminium wall frame of the Performance models but not the vehicle chassis (for details, please refer to the terms of the Böckmann warranty). Illustrations and layouts may differ from the standard configuration. Changes to design and equipment reserved. Weights and dimensions may change as a result of additional equipment.

Performance Basic

You are looking for a spacious, economical vehicle for transporting two horses in longitudinal position, combined with maximum payload? In this case, the Performance Basic is the perfect companion for you.

- 1** Large horse compartment with swivelling divider wall (moving wall as an option) and passage to the tack room
- 2** Upholstered divider and side walls, stall bar system with additional upholstery and anti-panic system (MSS)
- 3** Rubber floor, bonded and sealed
- 4** Spacious living quarters (230 × 130 cm) with individually designed furnishing concept
- 5** Alcove can be used as bed or storage space

Performance Stall

You are looking for a flexible, practical transport solution which offers room for two horses plus equipment, combined with maximum payload? Then the Performance Stall is the best option for you.

- 1** Large horse compartment with high divider wall (moving wall as an option) and passage to the tack room
- 2** Horse compartment can be used flexibly thanks to innovative 3-door system
- 3** Spacious living quarters (230 × 130 cm) with individually designed furnishing concept
- 4** Alcove can be used as bed or storage space

Performance Sport

You are looking for a transport solution which offers maximum comfort and safety, combined with maximum payload? The Performance Sport offers the best in all classes.

- 1** Large horse compartment with slant feeding table, fixed breast wall, and swivelling divider wall (moving as an option)
- 2** Stainless steel feeding troughs, passage doors available as an option
- 3** Generously dimensioned tack room (230 × 150 cm) with storage space (+ 60 cm) right up to below the feeding table
- 4** Access to the tack room via a head-high door on the side
- 5** Alcove can be used as bed or storage space

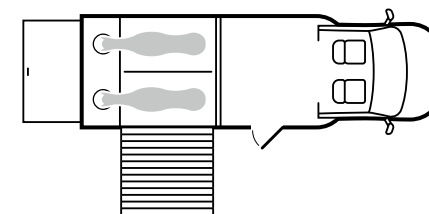

Performance Sport Living

You are looking for a safe, comfortable transport solution which is cosy enough to spend a weekend in? Welcome to the Performance Sport Living, which also offers maximum payload!

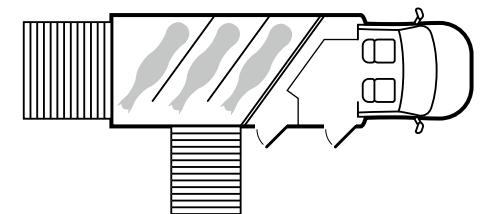

- 1** Large horse compartment with slant feeding table, fixed breast wall, and swivelling divider wall (moving as an option)
- 2** Tack room accessible from the rear via tailboard
- 3** Extra-large living quarters (230 × 220 cm)
- 4** Alcove can be used as bed or storage space

Performance Trio

You are looking for a reliable transport solution with extra-large horse compartment and a really spacious living area, combined with maximum payload? The Performance Trio has room for three horses in slant position, large living quarters and many cleverly conceived equipment details – and everything in the premium quality you’ve come to expect from Böckmann. Have a good trip!

Performance Trio

1 Innovative horse compartment

For transporting three horses in slant position, with swivelling divider walls.

2 Spacious apartment

Optimally used living quarters with slant divider wall to the horse compartment (230 cm x 223 cm/83 cm).

3 Easy loading and unloading

via extra-long loading ramps with side stops and special kick plates at the rear and side of the vehicle

4 Driver's cabin with a good overview

and lots of room for driver and passenger, ample front window, rear view camera and camera to see the horse compartment.

More colours, more decors, more wow!

Royal blue, elegant black, or rather classic white? You choose! The Performance is available in many different colours. Those wishing to make their vehicle truly unique can choose from a wide range of exclusive decors by Jan Künster.

Best come to the Böckmann Truck Center in Lastrup to see with your own eyes the effect of the different colours and decors. Come and pay us a visit!
